Subject: Attendance of museums and galleries

A REPORT ON THE ATTENDANCE OF MUSEUMS AND GALLERIES.

Introduction:

The aim of this report is to present the information about people's attendance of museums and galleries.

Attendance:

Some museums have gained their popularity during the period from 2013 to 2017. However, Natural History Museum and Science Museum have lost their high rates, due to the entrance fees which were introduced in 2014. According to the data, British Museum improved more respectively than others. Moreover, British Museum went through dramatical increase of visitors in 2015; then, in 2017, the number of incomers developed more substantially. By the way, annually growing attendance appears in National Gallery

Conclusion and recommendations:

According to the previous information we can draw on some advice about improving of attendance. Firstly, it would be a good idea to cut down the prices of tickets or make them free at all. Secondly, the best way to increase the number of visitors is to arrange meetings
